

Revival News

European Monthly Report

April 2020

We are here.

In these uncertain times, there is always one thing that remains certain. God cares and so do his people.

"Blessed be the God of all comfort, who comforts us in all our tribulation, that we may be able to comfort those who are in any trouble." 2 Cor 1:3

ASK FOR PRAYER.

Prayer for healing, comfort or provision.

We believe in a miracle working God. Ask us about how God has answered prayers.

"pray one for another, that ye may be healed." James 5:16

HAVE A CHAT.

Via Skype, Facetime or a phone call.

If you have any questions or just want to chat to someone, we are happy to skype with you or have a phone call. Ask us what the Bible has to say about the times we are living in and your future beyond this life.

How does your local meeting look at the moment?
 Whether we're on screen, or in a rather empty hall, we are here and re-joining in the Lord. In this report: souls saved in April, an invitation to breakfast time fellowship in Medway, an in-depth healing testimony from Holland, and the latest information on the 2020 Summer Camp.

Editorial: (The) vision

'I have a dream'

This is part of a speech, made by Martin Luther King Jr. in 1963 in Washington, Quote:

'I have a dream that one day this nation will rise up and live out the true meaning of its creed: "We hold these truths to be self-evident: that all men are created equal." (part on the declaration of independence)

I have a dream that one day on the red hills of Georgia the sons of former slaves and the sons of former slave owners will be able to sit down together at the table of brotherhood'.

5 Years later he was killed by James Earl Ray, in Memphis, Tennessee. But the dream lived on although in many places it is still a dream..

On a much larger scale, God's plan also gives mankind something to 'dream' about. This is actually a very different dream which can become reality.

Jesus Christ came to tell us about this plan, he also got killed by his adversaries but the 'dream', God's plan did survive and **prospered**. It lives on because He, Jesus rose from the dead, enabling Him to pour out the Holy Spirit.

Thereby, freeing many from the slavery of this world.

In type, we see the children of Israel (descendants of Jacob) being delivered from slavery in Egypt telling us the same story.

However, we see something very interesting. On the way to the promised land of freedom, when they came to the border, ready to enter in, 12 people were send in to spy out the land. They were not just about anybody but they were leaders in their tribes. Only 2 of the twelve stuck to their dream and maintained their vision. 10 did not. All through the Bible we find this sort of thing repeated. There are numerous examples how there was only ever a very small number who kept their vision straight. We can think about the few kings, the prophets and later on Jesus himself.

Always only a very, very small percentage to lead the way in the right direction.

There are, and have been, always many 'dream killers' (vision killers).

The biggest one of these is fear.

We can think about the 10 spies, their 'dream killer' was fear, we read: *Nu 13:32 And they brought up an evil report of the land which they had searched unto the children of Israel, saying, The land, through which we have gone to search it, is a land that eateth up the inhabitants thereof; and all the people that we saw in it are men of a great stature.*

33 And there we saw the giants, the sons of Anak, which come of the giants: and we were in our own sight as grasshoppers, and so we were in their sight.

Another example of how fear makes for bad decisions is in 2 Chr 16, where King Asa, who was mostly a good king, motivated by fear, lost his vision and made some bad choices.

There are many other examples in the Bible, and also in our own life experiences, proving the same thing.

So, there has always been only a very small percentage of the people being able to keep the vision alive and inspiring others to the same vision.

Even in the time of Jesus, just a couple of examples:

John 14:1 Let not your heart be troubled: ye believe in God, believe also in me.

4 And whither I go ye know, and the way ye know.

5 Thomas saith unto him, Lord, we know not whither thou goest; and how can we know the way?

*9 Jesus saith unto him, **Have I been so long time with you, and yet hast thou not known me, Philip? ...***

We also have the story of Lazarus. When he was raised from the dead, the reaction of the Pharisees was one of fear: *John 11:47 Then gathered the chief priests and the Pharisees a council, and said, What do we? **for this man doeth many miracles.***

*48 If we let him thus alone, all men will believe on him: and **the Romans shall come and take away both our place and nation.***

53 Then from that day forth they took counsel together for to put him to death.

Their solution, let's kill him! That's what fear does to a person.

Living in fear, today, is reality for many. Locking themselves away, domestic

violence increasing, as predicted: 'Fear has torment' (1John 4:18) and torment triggers the 'fight or flight' reaction.

Fear is not for us. Let's be some of the few who keep the vision, understand the direction and inspire others to enter the promised land.

Ps Piet Visser

Heard from the platform:

- Don't become a dusty shelf!
- Be careful how you hear
- Be constantly perfected
- God has created something out of nothing! And we are already amazed when we create something out of something?
- Don't seek your own righteousness! Let God reward you according to your righteousness. 2 Sam. 22:21-22
- Admit it when you made the wrong choice.
- Take your time to pray, with quick prayers you don't get revival!
- Jesus makes intercession for us, never forget that
- God can fix our problems, just keep your focus on him and the work you are meant to do
- Plan your race so that you can finish it, don't make it a sprint but a marathon
- We need to keep overcoming and keep walking with the Lord
- God can restore things, he made things to regenerate
- We have the responsibility to tell God's word, to be a good testimony and to give people answers about the Lord.
- Learn to use your talents.
- Talents are not only for yourself! But also to use them to help others to be able to get further.
- Without love you can't develop your talents.
- Don't be busy with things that undermine your faith but focus on things that help you to grow.
- Our relationship with God is not a working relationship. Of course we need to work on our relationship with God but it should be based on love!
- Make the choice to serve God regardless of the circumstances.
- Just because you are scared of something that does not mean you should not do it!

Revival Across Europe

Baptisms in April: 3 in the Netherlands

Summer Camp 2020, Holland

In early May the Dutch government relaxed the Covid-19 rules to allow church meetings of 100 people as from July 1 – 2020. However there is still a distancing rule of 1.5 meter to be adhered to. That gives us here in Holland the room to increase the number of people attending the meetings, which helps a bit. We will still be streaming the meetings live so people who don't fit in the halls, within the allowed numbers, can follow the meetings online.

Which brings us to the camp which was planned for July 25 - Aug 1.

So, what we plan to do is the following:

We stay home but use the time which was already reserved for camp to do the following:

- We organise the camp program the same as we would do if we were at our normal venue.
- We use our three venues in Holland to have meetings, I estimate that under the relaxed 30 people rule per venue, we would be able to cater for 130-150 people to be physically attending a session.
- We would expect the groups to rotate the attendants to give as many as possible a chance to be physically there.
- We have morning and evening sessions, just like as at a normal camp, with the normal activities we always have.
- This will be streamed on the internet to enable people, who don't fit within the allowed numbers in Holland, to watch.
- We do most of the sessions in English so as to enable international 'visitors' to be inspired.
- Parallel to the streaming we set up Zoom which makes it possible to have 'visitors' participate, give talks, item and testimonies. This will then be on the screens at all three venues in Holland.

I believe this is a unique opportunity to have good input from all over the world from people who normally would not be able to come to a conventional camp.

Particularly during the morning sessions, people from Australia, New Zealand and other places in time zones to the east of us can join in and people from time zones to the west of us could join in at the evening sessions.

To give this a name: We will call this the I.R.C.C. (International Revival Cyber Convention)

Sounds good, right?

And the theme will be:

'Fear changed into victory'. (No matter what else happens)

Ps Piet Visser.

Healing testimony—Netty Visser

On Wednesday 22-04-2020 at about 5:15 pm, I was preparing dinner when I got pain in my chest and felt lots of pressure on my chest.

I started praying and kept on preparing dinner because I wanted to be in time for the meeting at 7.30 pm. I put it in the oven and went to my husband Piet to pray together for the pain was getting unbearable and was spreading to my whole chest, jaw and neck. Because of the pressure it was hard to breathe, and we prayed together, I was calling to the Lord “please heal me”, then I remembered the promises of the Lord and I prayed “Lord you promised, so I will be healed”.

I can’t remember what happened after that, because I was not quite with it anymore.

I heard Piet on the phone talking to the ambulance people, they were on their way. When they came in, around 6:15 pm, I was able to answer their questions, despite being out of breath. They started to do some tests (ECG, blood pressure, oxygen level etc.) and I started to feel better, the Lord was healing me on the spot.

I didn’t really want to go to hospital, but they said that it would be a good idea to get checked over. So, I went into the ambulance to hospital. They took some blood and checked me over.

The result of all the tests was, no damage of heart tissue, lung and heart photos were okay and whatever else they checked it was all good. They will send me an appointment for the cardiologist for after the corona crisis.

I thanked them and I praised the Lord for His healing power and the healing I received.

At 10 pm I was home again, still praising and thanking the Lord for His promises.

Netty Visser, The Netherlands

Now from Ps Piet’s view:

How Netty is improved is of great joy to me. For a number of months, she was very weak and quickly short of breath. If we went for a walk, it could only be a short one. Now we can have our normal walks again we have done for many years. I also am very grateful to the Lord for this miracle.

“Thought for the Day” morning sessions—Medway, UK

We started out ‘thought for the day’ on 31 March as a way of putting back in something we were losing from not being able to meet.

The idea is a short talk on one particular thought,. It started off at around 5 minutes but that proved too tight and the time has become more flexible. On many mornings we have a song too. We started with just 5 connections (*see photo above*) on Zoom to now around 40/50 connections each day.

It starts at 8am in the UK, 9am on the continent and around 5pm in Australia - always one hour later on Saturdays and public holidays. We chose 8am as some have to go to work, even if that’s from home. One of the many benefits is that it gives a structure to the day for all.

The initial idea was to sustain us, help us survive the current restrictions but it has become a thing of thriving and not surviving. From 10 minutes before the advertised start time the fellowship starts, by 8am it’s just so busy that it’s mostly cheery hello’s and looking through all the many faces to see who is there today.

Then Monty presses the heavenly mute button and we get our song and the Word of God.

Once we’ve passed 25 connections we let Zoom put us into random small groups to continue in fellowship; there is a purity about the system, you can’t choose or avoid anybody, even people from Manchester. Fellowship goes on for many of us for an hour or more. The ministry part is recorded, it’s great to see the speaker or the singer in among a sea of faces. These are then sent to all on our email list so that those who didn’t make the meeting get that part at least.

I did think that after a few weeks we might start to get a little fatigued with it being every day, but this last week particularly it has just gotten better: new faces joining, great little talks and good and courageous items from far and wide.

It’s blessed.

We plan to continue during government restrictions and probably beyond.

All are welcome, see you in the morning?

Pastor Steve Murphy, Medway

The Revival Fellowship in:

Almere hall meeting

Almere hall work!

Staying connected, despite the physical distance. God bless!

Dordrecht

In these times in which we've had to change many things in how we go about our daily lives (the way we work, connect, etc.), we rejoice in serving an unchangeable God. We know and experience that His promises are steadfast and unfailing. *"Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning. (James 1:17)"* A new sister was added to our church this month.

In one of the 'mini-talks' we were encouraged to give out from the blessings that we have received, to reach out and offer hope to the people around us.

A few recent testimonies:

One brother woke up one day feeling unwell. He went to work, but started to feel even worse and had fever. So he went home. On the way home he prayed to the Lord. The next day he was completely healed. A sister prayed in the morning to witness to someone. In the afternoon she spoke to someone who was born again a while ago, but is not walking in the Spirit. He recognized that he needs the Lord. She encouraged him to start praying again and to turn back to the Lord. Great to see that the Lord uses us when we have a willing heart. *"..freely you have received, freely give. (Matthew 10:8)"*

France

One Sunday afternoon zoom meeting, everyone shared a testimony of the Lord answering prayer after going to the prayer line. Margot and Colin testified of how Colin had been seriously injured after being knocked off his bike, while he was still in the police force in Australia. The damage to his neck was causing severe pain, and it was looking like he would have to be discharged from the police because of the injury. At the same time, his personality had completely changed, due to the head trauma. To Margot and their three children it was like having a different person in the family. Colin often went to the prayer line to pray for the healing, but one meeting he decided not to. While he was sitting there watching people go up to

Almere, NL

Crisis or no crisis, we have peace in our hearts knowing who our Creator is. We are happy that people are still being baptised and receiving the Holy Spirit. Praise the Lord, a few visitors came to our meetings this month and in the last week three of them took action:

- Linda who had been witnessed to by sister Beryl for a couple of years, finally made the decision to obey the Word of God and be born again.
- Elly saw our fellowship from the bus which passes by our hall. She came to the meeting by bike, that same day she got baptised because she wanted to start a new life with the Lord.
- Finally, Christiana who was looking for a church, walked by our hall and saw that we still hold meetings. That day she did not come in but took a picture of the information in the front window. After the weekend she received a pamphlet in the city and saw it was the same information as in the picture she'd taken. Then she knew she had to be in this church. The following Wednesday she came and got baptised.

See baptism photos on page 2

We did some maintenance on our hall, brethren worked on the roof and the panels on the side of the hall, sisters worked hard in the garden. It made us realize again, how important it is to look after our relationship with God and maintain our walks with Him as well. Not letting any weed overgrow or things get rotten. It is better to prevent and enjoy a clean and organised life with the Lord, isn't that right? :-)

Czech Republic

I'd like to share a nice, little story with you - one of our Czech sisters has been quite sick and needed to stay in quite extreme isolation. So an older brother rang her and sang to her for an hour on the phone, to encourage her and uplift her. This brother doesn't have any technology or the internet at home, so it's difficult to connect to our current online meetings, but he found a special way to help in this situation. It showed us that each of us can be useful and encouraging, even in seemingly small ways.

Greetings from Czech!

This month, our pastor received a third phone call by a man who is interested in discussing baptism and the Holy Spirit. He is a relative of an elderly sister who came to the Lord in Prague in the 1990's, after her son in Sydney witnessed to her. She passed away many years ago. So it was a real surprise that her relative got in contact with the Fellowship after such a long time. We're praying for good fruit in this situation.

Several Czech saints have been joining the regular Medway morning online fellowship sessions, and so we also started sharing scriptures online, two evenings per week.

Dordrecht hall meeting

The Revival Fellowship in:

pray, he realised that he didn't want to have to leave his job because of the injury, when he said he was a Christian and believed in miracles. When the prayer line was nearly over, he decided to go up. The brother who prayed said "A quick prayer is a good prayer"! The next day Colin woke up completely healed from all his symptoms, and he changed back to being the same person as before the accident. Margot described it as a "night and day" difference, they're so thankful to the Lord for the miracle.

Hungary

A new brother was in deep trouble and because of covid-19 he couldn't work and was to lose his house. We had some prayer with him and the house owner unexpectedly announced that he was to halve the rent at this time, his work place suddenly told him to come back to work and his wife, who was sick, recovered in 2 days after prayer. On top of this their son got a job after prayer. He is very grateful to the Lord.

A brother, who works a tailor, was without work due to the virus. The government asked him to sew masks for free which he did. Now they've asked him to produce more masks for payment, and he has income. A sister had to leave her job and found a new one within a week. A brother sent some work to America and after one month it hadn't arrived. The client got worried and spoke to our brother. With the boldness of prayer our brother stated it will arrive today, and the Lord made it happen.

Some thoughts from our Nuggets Whatsapp group:

- Let's stay thankful in all circumstances for your fellowship and your life in the Lord
- Jesus is a perfect example not to be hasty but patient. With the Spirit we can also correct wrong attitudes with a one-liner just like Jesus did.

- It is human to err, The Holy Spirit gives the answer to all mistakes
- We cannot be irresponsible in this situation. Be a good testimony!

A testimony from Ps Chris in Australia: Pastor Chris Kaye and family travelled from Hungary to Australia in February. They were visiting family and taking part in the leadership camp.

Due to covid-19 their flights were cancelled and they got stuck there. To protect Pastor Chris's parents (Sydney) who are elderly and considered vulnerable, they moved down to the family holiday home at Sanctuary Point. Here they witnessed to a couple: The man, David, had been sitting on his back porch over the weekend reading his Bible, wondering if he had the Holy Spirit, or not. David was baptised 40 years ago, but now world events had got him

thinking. On their daily walk, Ps Chris and Monika passed by his porch, got talking, and witnessed to him and his wife. They instantly knew their prayers had been answered by the Lord.

The next day the Kayes went back to their porch and spent 5 hours at their place (respecting social distancing) going through the scriptures and praying for both of them. It was a very powerful infilling as David received the Holy Spirit.

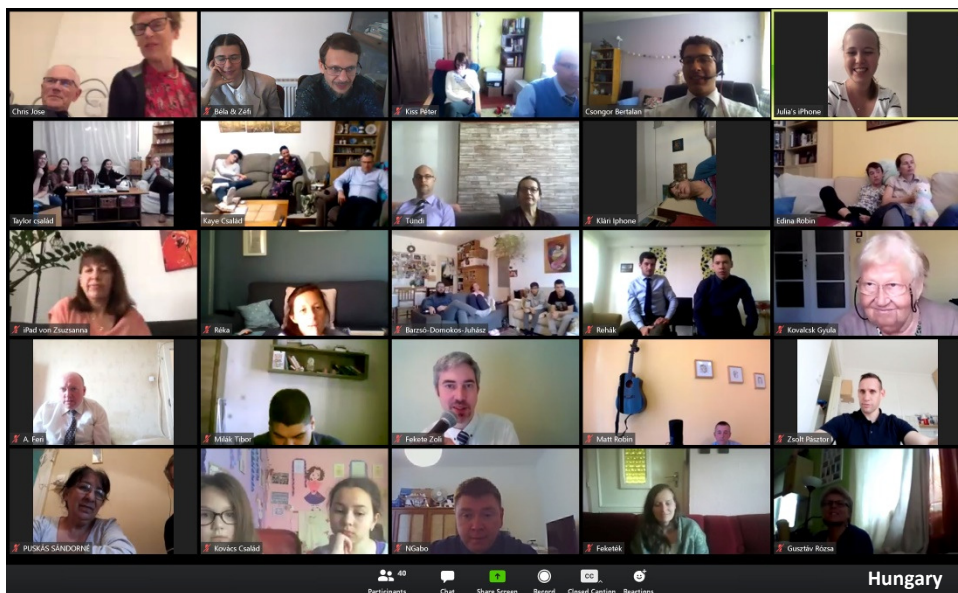

Liverpool

This month Lee and Yarni share an amazing testimony of provision from the Lord.

Lee writes:

"I had been looking for another job so as not to have to get up too early and miss out on fellowship in the evenings, which is what I had to do working on the golf course. I applied for a few full-time jobs but got nowhere. Then a part-time job came up, I applied and got a phone interview. I have had trouble using the phone since a mental break down so this was a real challenge. Yarni and I prayed about it and asked the Lord to somehow make it easy. The interview was all about what I like to do outside of work and the man was very gentle and interested. I went for a face to face interview. We prayed again and asked the Lord 'for a casual interview and NO test' as this gave pressure I couldn't deal with. The interview went well and NO test, extremely unusual in graphic design. Being a part time job on alternate days it has been perfect for helping me get back into a work environment after not being well and allowing for rest in between.

Yarni had prayed a 'heart's desire' prayer to the Lord a few years ago for us both to work 3 days a week so we could have more quality time for the fellowship. The Lord blessed this. Middle of March 2020 - thankfully, my graphic design job was ongoing 3 days a week as from end of March Yarni and I had no other work. If I was still at the golf course all work and pay would have ceased for us several weeks ago. I am responsible for the back up of all the company's files at home. This is quite a responsibility seeing as I am freelance and only started in mid-January 2020 so a

The Revival Fellowship in:

Rotterdam hall meeting

testimony of the Lord showing I am trustworthy.

On Tuesday 5th May I was informed by my boss that I would no longer be required to work. At least for the next 2-4 weeks. Despite being employed on a freelance basis my boss told me he would continue to pay me and I can make the days up at busy times in the future.

Praise the Lord for His ongoing provision. Matthew 6:33."

Poole

Well these are strange times indeed but looking on the bright side, we have all been able to develop our IT skills! Although we are not able to meet together at the moment, we have been using Zoom to hold our regular Sunday meetings (two sessions), Wednesday and Saturday activities and these have included a prayer night, a shared items and testimonies night with the West London Fellowship and an evening of mini-talks. We heard talks from three brothers on the themes of Reconciliation, Comfort and Strength. All great stuff!

Recently, our brother Luke shared a really

Brother Luke, Poole

encouraging testimony with us all:

"A few months ago my mum was having trouble with finances. My mum is disabled due to many reasons, one being a slipped disc, so she depends on financial support from the government to help her. For the past year she has had to go to court to prove that she is not well so the government can continue to help. But about December time they had stopped her money all except the Disability Living Allowance. So when I was told about it, I decided to have some prayer about her situation and didn't think about it after that.

Yesterday I went to see her and she showed me a letter to say that she was finally getting the help she needed. The best bit was she believed God was watching and I praise the Lord that he heard my prayer."

We are all becoming very inventive in thinking of activities we can enjoy 'online' and are looking forward to seeing what the next month will bring.

Rotterdam

And we know that all things work together for good to them that love God, to them who are the called according to his purpose. Rom. 8:28 His promise proved to be true once again. During this time of quarantine, the unity between international fellowships grew. Zoom-athons, Binge-fellowshipping, we got to dig into the Word even more and to seek God more, feeling hungry and thirsty for His words, His truth and His reality. Where the world may be in turmoil, we find ourselves having peace, knowing the prophecies and knowing where we stand. We got to pray for each other more, and had a zoom prayer night for a sister who is very sick. We feel great appreciation and thankfulness for God's Holy Spirit that dwells inside of us.

Switzerland

As we are forbidden here in Switzerland to run public meetings, we meet at home using the tools modern technology has given us. This month we kept on having our Communion zoom meetings with more Saints attending, also from Holland and Hungary. We had sister Cecilia from Dordrecht giving her testimony and she shared how the Lord blessed her move from Cologne to Dordrecht just before borders started to close.

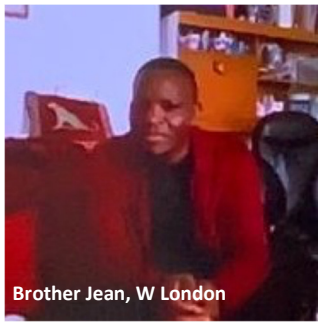

Yasmine from Switzerland came back from Australia a week later than actually planned because her flights were cancelled and it was very difficult finding new ones. She got in touch with the Swiss government and was put on a list for a repatriation flight, flying out from Sydney. She didn't know whether she would be on that flight until the night before she had to leave to fly to Sydney but praise the Lord, he kept her safe and everything worked out perfectly.

We also had a zoom meeting organised by brother Grant from Adelaide and there were Saints joining in from Holland, Melbourne, Ireland, Sydney and Switzerland. Pastor Graeme Hazledine kindly answered a lot of question from the saints that were linked in and shared some very detailed stories and gave all of us some "Aha- Moments."

Reading the word of God will never get boring

The Revival Fellowship in:

Brother Jean, W London

W London choruses

W London zoom

because there is just so much to learn and discover and even when we read the same things over and over again, they never lose their meaning and power.

Praise the Lord we serve a living God and have his living word as a guidance.

West London

Like most fellowships we entered the world of zoom for our meetings and activities and it has been full steam ahead. The majority of our brethren have made full use of this opportunity to join fellowships worldwide and

meet brothers and sisters they would most probably never have had the opportunity to meet and share amazing testimonies with. We have had friends, relatives and colleagues join our meetings. A colleague of Pastor Yomi, Rebecca, joined one of our first Sunday meetings on zoom and received the Holy Spirit in one of the breakout rooms afterwards. She has since been coming to meetings and will soon be baptised. Our brother Jean came back from America after having been to the camp in Atlanta Georgia. It was his first time in a fellowship

outside of the UK and he loved it. His flight back home had been cancelled and after prayer, he got one of the last two seats on the last flight back.

We had some great presentations: brother Edouard from France talked about the return of our Jesus-Christ when the world will be under His feet and it will now be His turn to rule and reign. Martin Gladdish also gave a presentation on expecting the impossible to be possible in our lives.

Testimonies

I grew up with a knowledge of God. When I was eight years old my parents divorced and that led me to being very depressed as a child. In my teenage years I rebelled against society. The "gabber" culture was very popular at the time and I got involved with this. I dressed in this fashion and went to parties and used a lot of hard drugs, and as time went on, started drinking alcohol every day. My depression worsened because of my

lifestyle and I started taking anti-depressants. I wanted to search for God because I really wanted to stop living this kind of lifestyle and I thought a lot over the state of the world.

I was walking on a Friday night to the shopping centre and somebody spoke to me and asked if I was busy with God. I told him that I was doing a study with the Jehovah witnesses. This man showed from the bible that I needed to be born again of water and spirit, I'd never heard of that before. He offered to pray with me for the Holy Spirit. I wanted to try it and so we went to a quiet spot to pray and after a few seconds my tongue started to change and I spoke in tongues. I felt light and was very happy. The day after I was picked up to go to a Revival meeting and after the service I was baptised by full immersion. I was very happy because I could start living a new life.

Through the Holy Spirit I knew I had to stop drinking alcohol, taking drugs and smoking. Without any problems I stopped doing these things - through the Holy Spirit you receive power to overcome things. I also stopped the study with the Jehovah witnesses and also broke away from my friends. In return God has given me a big family, brothers and sisters worldwide. I am thankful to God that He forgave my sins and that His Son went to the cross for me. I am happy that I found God and can be happy every day, free from addictions and depression and together with my wife, I can serve Him.

Ivar, Rotterdam NL

My testimony starts in 1994. In a period before this time a few things happened where I decided to search for the truth as I wanted a personal relationship with God. I had started reading my Bible again and spoke to numerous people with religious backgrounds and visited their meetings. Nobody could give me answer from the Bible about a personal relationship with God even though many people in the Bible had this. In the end I asked God: Are there still people that know

the truth? Not long after that at my work I met a sister from the Revival Fellowship. I spoke with her about the gospel and that same evening I went to a meeting.

I understood that I didn't have the Holy Spirit because I didn't speak in tongues. That evening I did receive the Holy Spirit with the Bible evidence of speaking in tongues. I was overwhelmed by God's answer. The next evening and night I prayed in tongues. All the things that bothered me became very small and I had a rest and joy within me, that only God can give. A couple of days later I was baptised by full immersion and my new life with God as my father started, that was the 25th of June 1994.

God has healed from whiplash, a broken heart, chronic urine infections, infertility and I survived blood poisoning. I have seen my mother be healed of gall stones, where two operations had been planned for but the stones were gone. My brothers kidneys stopped working as a result of a stroke after prayer were completely healed. My father escaped death twice because of pneumonia with COPD and there are so many more signs and miracles that I have seen God do. Whatever the circumstances are, God is always faithful and cares for me. I am thankful for the new life God has given me and together with my family in Christ a certain future in eternity. Praise the Lord.

Gerda, Rotterdam NL
