## European Monthly Report

March 2023

Pastors & Leaders weekend, North London

So many highlights to share with you from March!

Events like the Pastors and Leaders meeting in London and Kids Camp in Czech Republic; lots of revival all over; Next Gen getting involved in organising dinner nights, international visitors and many testimonies of God working in our lives.

Including this miraculous healing experienced by brother Stephan in Switzerland this month:

*"In 2011 I had an open-heart surgery and needed 6 bypasses. Till now everything went well with my heart.*

Czech Republic

*At the end of last month, I had 2 angina pectoris attacks and breathing problems again and again. In addition, I had lots of extra heartbeats (systoles).*

*So I prayed and gave the problem to the Lord.*

*I had to do a stress ECG and the result was, that I managed the 100% load without any problems. The cardiologist mentioned that this is rare that someone reaches it with a heart disease. The Lord was at work already. Only the resting ECG still showed these many extra beats. We continued to pray and after some days, my heartbeat was completely normal, and no further exams are needed. I thank the Lord for everything, and I thank you all for the prayers."*

# Editorial: The day the Dollar dies.

Just recently I went through some shelves and drawers and I found this little book, dating from 1973. While it is a bit “over the top” with predictions of tattoos in the forehead etc... some things in there have come to pass since it was written.

The next development is already happening. Many stores here in Holland don't accept cash payments anymore. So that won't work either.

The truth is that time is simply running out.

It's time to go over to the next “world order”. The kingdom of God. Apart from this financial stuff, there are the wars sweeping the world. Jesus needs to come back to bring some order in the ever expanding

chaos.

The words of Jesus:

*Mt 7:24 Therefore whosoever heareth these sayings of mine, and doeth them, I will liken him unto a wise man, which built his house upon a rock:  
25 And the rain descended, and the floods came, and the winds blew, and beat upon that house; and it fell not: for it was founded upon a rock.*

That's where our security lies, not by building upon loose sand (Mt 7:26-27)

God will look after His children, on the earth, as it is now... and... in his eternal kingdom.

Ps Piet Visser.

The current money system cannot survive, I quote from an article in the news: *How the banks operate:*

- 1 \* Every Euro they manage from a customer can be lent out about twelve times
- 2 \* Then be allowed to charge interest on money that is not from the bank
- 3 \* Being able to create money out of nothing
- 4 \* Do not hold gold or silver as collateral for the money they lend

- 5 \* Being allowed to enrich themselves extraordinarily over the backs of others
- 6 \* Having leaders who are rarely if ever judged no matter what they do
- 7 \* Get high fines that are then paid by us
- 8 \* Need to be 'saved' to maintain the illusion

“Sky news's, Ian King says the post-financial crisis rulebook will have to be reopened and

updated again in the wake of last week's events that culminated in more rescues to prevent bank failures”

The Bible:

*Jas 5:1 Go to now, ye rich men, weep and howl for your miseries that shall come upon you.*

*2 Your riches are corrupted, and your garments are moth-eaten.*

*1Ti 6:17 Charge them that are rich in this world, that they be not highminded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy;*

So, where can we find security? Obviously not in getting our money out of our account and putting it in a home safe.

Now many years on, looking back we have had a great number of events, starting as early as the 1930's.

So, the question in the news recently was:

“As consumers, should we prepare for a banking crisis?” The answer:

“By taking action ourselves, we will only make it worse”

And just in the news:

“The social media-driven run on Silicon Valley Bank has repercussions on many fronts”

So, another force has entered the battle field. Social media.

A great instrument to really escalate things very quickly indeed

## Heard from the platform:

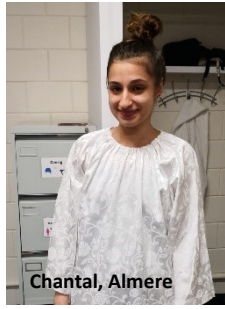

- God sets us up for spiritual success
- The Lord will abundantly exceed our expectations
- Keep the desire of our heart to be in the presence of the Lord
- God honours His promises
- Singularity of life, not double
- What beauty do we want the Lord to observe in our lives?
- Push back with faith
- Success in the Lord comes by hearing and doing
- Invite God into your walk
- Our life revolves around being ready for our future home
- We were born again after we listened to the Gospel. We should never stop listening! Listening helps us walk.
- God's kingdom is the only real refuge; it cannot be invaded.
- Jesus provides the option of peace, but men have to choose it.

Here's an update from Pastor René's trip to Suriname:

## Bristol

We've had another busy couple of months in Bristol. We hosted our first open coffee morning, alongside a welcome visit from the Murphy family from Liverpool. It was a great joy for us to see seven new faces at the coffee morning, all of whom received a full witness of the works of God and His plan of salvation. A young mother returned the following day to our Sunday meeting and heard the word. A lot of illness,

including a bout of Covid, forced our meetings online for a time, but didn't dampen spirits. We had a leafleting campaign around our hall before trying out a coffee afternoon to see if we got any different attendance than a morning event. We had three new faces that time and one was a lady who asked to be prayed for. We hope for some return visitors soon. We also enjoyed a spiritually full day of prayer and fasting, ending on a strong note of hope. Bristol returned the favour of all the recent visitors to our assembly by having some brothers & sisters travel to Medway and North London which was a great joy to all involved. We've now started projecting our song lyrics from WordLight, making our singing sound even better somehow. We look forward to filling up our new website calendar with more events!

## Czech Republic

In Czech this month we had lots of great

activities. We had a talk night with five short talks based on similar concepts. We also had a fast, an outreach where we shared the gospel and had good talks. Then we prepared a kids camp for the young ones based on the tv program "Fort Boyard". The kids loved it and managed to complete their missions successfully. We also started having regular conversations with our young people between the meetings and the conversations are very uplifting, not just for them, but for all of us who join in. Our brother Arend shared his testimony of getting good health results from his doctor's checkup. Since I'm writing this in April I can give you a spoiler that our new

brother Daniel (the son of Jara and Lenka) got baptised at the Hungary camp after receiving the Holy Spirit. Another proof of how great it is to be at camp.

## Dordrecht

We had a fantastic start of the month with a dinner night organized by the children and youth. They performed beautiful songs, a hilarious skit and a fun bible quiz game. This month two meetings were held in Vught again, attended by one new visitor. A sister from Vught got into contact with a lady via social media. She shared the gospel with her and the lady got baptized (in Rotterdam).

## France

Same old, same old... never gets old! Another month of serving the Lord here in Angers. A highlight was the visit of Pastor Yomi and Cécile from West London. A lot of prayer went in for safe travels, as strikes are causing chaos here. Despite a plane being diverted without the passengers being notified (!!) everyone arrived safely in the end, praise the Lord. Pastor Yomi gave a talk on 'pushing back in faith', encouraging us to press in to obtain God's promises regardless of what the circumstances might look like. He shared a personal testimony of how after finishing his studies he no longer had the right to stay in the UK—this fact was printed in his passport. After fervent prayer and fasting with brethren he went to the Home Office to ask for leave to remain in the country; the decision could be made at the discretion of the authorities. He went there in faith and queued up to see someone, who then left him

## Almere

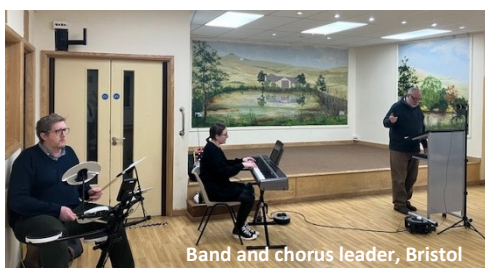

By God's grace we had 8 people being born again this month, from personal contacts and street witnessing.

One of the new sisters, Chantal heard the gospel through street witnessing. She was so happy to be able start a new life with God. She really wanted to get baptised and called many churches before but there was no other church around where she could be baptised straight away. With one she had just missed a baptism session and had to wait for the next session.

When she heard that she could get baptised the same day in our fellowship, she was ecstatic. The very same day she was baptised and Spirit filled. From day one she is so enthusiastic to take part in all the meetings, telling also others about the Gospel and as a result of it, a friend of hers got born again, as well. "There is nothing better than to see other souls getting saved too" these were her words. Further more there were activities such as the NextGen dinner night with the theme diverse professions, and we were built up by the prayer & fast weekend, finishing the month off with presentations about the catholic system and who we are and what we believe. Ps René visited Surinam, brothers and sisters enjoyed his support and fellowship over there. He came back with lots of inspiring testimonies that he could share with us. Brother Stephen visited us from Singapore, we enjoyed having fellowship with him, as well.

waiting at the counter for an answer. After 45 minutes the lady came back, and he was granted residency on the spot. And the rest is history! Praise the Lord.

## Hungary

March was an active month with many guests attending meetings, four baptisms and a long follow-up list of new people. One evening we were outreaching with a group of saints on a busy square when we saw a man screaming, obviously very upset. One of us recognised him as the man that was born again a few days before, after a Sunday meeting! He recognised the brother too and hugged him, praising the Lord for sending us.

He told us he was trying to save his ex-girlfriend from committing suicide but lost track of her. We gathered around and prayed until he found peace from the Lord in the situation. Not much later the ex-girlfriend turned up safe and sound. Our new brother believes he wouldn't have continued into his new life if it wasn't for the Lord helping him out in this very special way. We had a prayer and fast where we heard talks about the power of prayer and a Saturday dedicated to hall spring cleaning.

## Ireland

Greetings from Ireland. We had a good month as we get back into outreaching, despite the mixed weather.

On our Friday Night Knowledge Talks: Ps Jimmy did a 3 part series on the "Nations in Prophecy" (available on our YouTube Channel).

We also had a joint prayer & fast with Medway based on Psalm 40:16 Let all those that seek thee rejoice and be glad in thee: let such as love thy salvation say continually, The LORD be magnified.

It was a day of spiritual feasting, Praise the Lord.

Take care until next month.

## Liverpool

Hi from Liverpool, Our brother Willie Dunwoodie passed away peacefully in Margaret's arms.

*Genesis 49 : 33*

*And when Jacob had made an end of commanding his sons, he gathered up his feet into his bed, and yielded up the ghost, and was gathered unto his people.*

We are grateful to have had fellowship with him and rejoice that he'll meet the Lord.

This month we had a prayer and fast. We heard talks from Derek, Sean, Reuben and Jon about the theme in 1 Peter 1. The talks are available on YouTube.

We had some good outreaches and we have been looking after lots of new families who have been coming along recently.

## Poole

Greetings to all our brothers and sisters. We are all rejoicing in this part of work - growing and learning from God. At the start of the month we all enjoyed a fellowship day out at the Tank Museum in Bovington. There was so much to see and do and it was great to spend some leisure time with our brothers and sisters - we even enjoyed an indoor picnic! This was followed by a prayer and fast where we heard talks from a couple of

Australian brothers with the titles "To infinity and beyond" and "Ministry" which explored the theme of being a servant and in service to God. Everything we do is a form of ministry and we must do all with an attitude of humility. Our usual assembly outreach with many people taking leaflets or stopping to talk. In the evening we enjoyed a fellowship meal followed by a Bible Quiz which was exciting! Quite a few tricky questions and some rare ones! All good stuff and we all thoroughly enjoyed it.

## Rotterdam

Baptisms, outreaches, answered prayers, miracles, meetings, follow-ups, Next Gen dinner night, presentations: Who are We? & the book of Revelations part 4 and a prayer & fast all made for a blessed and fruitful month. Prayer was requested by a sister who was told by her doctor that her hearing was gone permanently in one ear because of an infection. The sister reported back after being seen in the hospital that her hearing would be fine. Another sister was in quite a difficult circumstance and the Lord bought her into safety after prayer.

## Switzerland / Germany / Austria

This month we had prayer and fast together

with our Dutch brethren. We also held a bible study with our sisters in Germany where we talked about „walking in the spirit“. Many helpful thoughts and scriptures came together.

Two testimonies about what the Lord has done this month (*one on the front page, from brother Stephan*)

**Brother Robert, Austria:** A few days ago I had strong foot pain. One day after work I was on my way to the train station. I said to God, please heal me, I want to go home without pain. At the train station the pain lessened. Before going to sleep I read Joshua 1:8 After prayer I fell asleep. The next morning I woke up and was fine. Praise the Lord.

### West London

This month we had a concert evening as we had Pastors and oversights visiting for the Pastors' meeting held in North

West London

London. We heard great talks and testimonies but also had the opportunity to have fellowship with brothers and sisters we don't often see.

We had Lee, Yarni and Samuel with us for a weekend before their departure for Australia. Lee talked about wisdom, Proverbs 30:24-28. Plan ahead, be prudent, progress, don't waver. Two sisters from Holland also visited us, Valerie and Meina. Meina shared how she was healed from breast cancer whilst in the waiting room, waiting to see her specialist. Amazing!

A young sister testified of how on her way to school, she was waiting to cross the road but when the green signal came, she hesitated for a few seconds. At that time, a car went over the red light, a second car crashed into it and then a third one! Our young sister praised the Lord for looking after her at that time and for the fact that none of the drivers were injured.

We also heard from one of our overseas' visitors how in the early 70s, after six months of being married,

him and his wife were going to divorce: he led quite a wild life whilst she was calm. But they were witnessed to, got baptised and Spirit filled, and their marriage was restored. They have three children, seven grandchildren, and praised the Lord for such a blessed life.

## Testimonies

As a young person I believed in God but never fully felt I had a true connection with Him. I remember asking myself what would happen if I died as I had this underlying feeling that I was not right with God and that was terrifying. Fast forward some years I came across the revival fellowship which spoke the answers from the Bible of all the questions I had in my mind and more as a young person growing up unbeknown to them. I took the opportunity to be baptized by full immersion and received the Holy Spirit two weeks later.

Since then, I have seen God work miracles in my life ranging from being healed at the prayer line from Graves' disease, my son being healed of a mass visible in his heart and completely vanishing days later after prayer, not to mention praying with others and seeing them being healed.

**Andre, West London**

I have been coming to meetings with my family. At first, I just played with friends and sometimes slept during meetings.

Eventually, I realized that people in the church had something I didn't: the Holy Spirit. During my first kids' camp, I learnt that people my age could also receive it so I began praying. At Bath Camp 2019, me and my friends said we would pray every day until we received the Holy Spirit. On the last day, we were praying, and we simultaneously received. This was amazing. The following day I got baptized by my dad. That's when my walk began.

I can confidently say that the Lord has had His hand on me at school, when ill or life in general. I have been healed from mumps and protected from wrong company and friends. I am blessed to have a wonderful family. I can not wait for His return.

**Germaine, West London**
