Editorial: Jesus is coming back

What will he find?

A place of wars pestilences and earthquakes.

Mt 24:7 For nation shall rise against nation, and kingdom against kingdom: and there shall be famines, and pestilences, and earthquakes, in divers places.

Mt 24:21 For then shall be great tribulation, such as was not since the beginning of the world to this time, no, nor ever shall be.
12 And because iniquity shall abound, the love of many shall wax cold.

He will find a time of many false prophets (Math 24:23-26) and famines (Luke 21:11)

Lu 21:12 But before all these, they shall lay their hands on you, and persecute you, delivering you up to the synagogues, and into prisons, being brought before kings and rulers for my name's sake.

Persecution of Christians worldwide

So we could ask why is He not here yet, surely all is 'in place'?

2Pe 3:3 Knowing this first, that there shall come in the last days scoffers, walking after their own lusts,
4 And saying, Where is the promise of his coming? for since the fathers fell asleep, all things continue as they were from the beginning of the creation.

AND...

9 The Lord is not slack concerning his promise, as some men count slackness; but is longsuffering to us-ward, not willing that any should perish, but that all should come to repentance.

And that is the reason He is not back yet, there are more people to be saved yet.

One last thing...

Mt 24:10 And then shall many be offended, and shall betray one another, and shall hate one another.

A quote from a wise man: "Hate is a product of fear and fear is a form of resistance against something which might hurt us".

And that is very relevant at the present time.

The answer to all of that still is:

1Jo 4:18 There is no fear in love; but perfect love casteth out fear: because fear hath torment. He that feareth is not made perfect in love.

Receive and use Gods love, which is a component of the Holy Spirit, and all will be well indeed.

Ps Piet Visser

Heard from the platform:

- It's not about having all good things from God, but giving good things.
- Revival begins with love for God and love for your neighbour.
- Christ came to save individuals, not nations.
- Man SO needs God, because he thinks he doesn't need God.
- Are our conclusions based on personal preference and custom?
- Man is man. God is God. The bridge is Christ, and the crossing is the Gospel.
- Coming to church without compassion is nothing but attendance.
- Be united to serve
- Don't have itchy ears
- Keep it tight, keep it right
- Be humble, surrender all to God
- Jesus is in the boat and He promises we WILL make it to the other side (*Mark 4vs 35...*)
- Listening to false doctrine will make your faith into a shipwreck
- A heavy heart will weigh you down more than any other obstacle
- Our thoughts make us - think on good things
- Every day is a good day with the Lord
- We know God hears us when we pray, because He gave us the language to use!

Liberia Update

Two new sisters added in VI Assembly. Here are the photos of the baptisms we had on Sunday after the Communion meeting. Two sisters were filled with the Holy Ghost with the evidence of speaking in a new tongue praising the good Lord. Brother Morris and Naoh officiated the baptism.

Suriname Update

After a long period of online meetings, we were able to switch back to physical meetings in October. It is nice to see and hear that many had missed the physical meetings.

L O V E

At the beginning of this month our sister Chanelfa gave birth to a daughter named Cimaya. The doctors were concerned, because Cimaya was born with a leg defect and had decided to put her legs in a cast and see what the result would be. After much prayer from the brothers and sisters, the result was that Cimaya was healed (see photo at left) and had no permanent leg deformity.

Praise the Lord.

In November we welcomed our new sister Simone. She had been watching the online meetings for a while and had decided to get baptized after having the Holy Ghost for some time. This month we also started the weekly outreach again and we made a trip to the reservoir. We had a fun and good time together.

Outreach

New Hall, Hungary

We had a miracle testimony with our hall. We had to move out in March as the owner would not allow any less rental fee during the Covid lockdown when we could not use it. We have been using other halls since then but started negotiation once again a few months ago with the owner as the new tenants plan to make it a supermarket fell through. We discussed what we could realistically do and stuck to our plan during extended negotiations. The end result is we have the hall for 27% less than we paid before on a five year contract and the work that is needed to be done because the other tenants destroyed the insides will be paid for by the fact that we have the hall for the first three months at a really low price. The brethren have been hard at work making it usable, and we were able to hold our first meeting after a week of solid work. Here are pictures of our new hall being renovated and then the first meeting.

First meeting

The Revival Fellowship in:

Almere, NL

Praise the Lord, 7 people were born again this month: Rishairo (9) the son of Robby received the Holy Spirit and got baptised. Robby was baptised 7 years ago but had not received the Spirit then and had left the fellowship but now he's received it, as well. The 9-year-old daughter of sister Zaya, had been praying for the Holy Spirit since her mother was baptised in July. Stephanie (13), daughter of Christiana, came from Ghana and within two weeks in Holland, came to the meeting, received the Holy Spirit and decided to get baptised. The church they went to in Ghana told her that she needed to wait until the right age, but she concluded now that this is a situation of life or death, heaven or hell. Soraya was not feeling well and throughout the whole night she threw up very violently and had so much pain that she couldn't walk at all. We all prayed together with her parents for her healing. Next day she did not feel good enough to go to the bible class first but later on she still wanted to go. She took part in the spiritual gifts during

the bible class meeting and when she came down she did not have any pain anymore in her arms and legs and stopped vomiting. It is wonderful to see that the Lord always answers our prayers in faith.

This month we had a concert night where brethren introduced some new choruses, an evening with short talks, an evening with a presentation of brother Wout: the night is far spent, the day is at hand. During this night brother Miguel and sister Merlyn from Dordrecht shared their testimonies with us how the Lord turned their night into day. Miguel shared he was rescued of a life of drugs and bad health by hearing the Gospel and being born again. Merlyn shared how she experienced the power of prayer of brothers and sisters, as she had contracted COVID-19 and could not pray herself. She was healed instantly when she realized this power.

Czech Republic

This month, we were very happy to be allowed to meet at the hall again! It was wonderful to be together again. We also wrote letters to each other and had online fellowship during a 'Letters and Cafe Evening'.

Dordrecht

During one of our Saturday night activities we had a very interesting bible study on eternal life. The promise that we've been given by our God. 'And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent. (John 17:3)' We were encouraged by testimonies from our brothers and sisters. A sister fell from the stairs at night. She was home alone and her whole body was aching. She prayed and the pain left her. A brother and sister living next door to her, visited her and she felt comforted by their presence. The brother who visited her fell from the stairs a few weeks later. He was in a lot of pain. He then remembered the testimony and started praying. He also got healed instantly. A sister applied for a job, but the branch in Dordrecht didn't hire her. A little while later she was hired for the same job by the same company for the branch in Rotterdam. She didn't understand why she didn't get hired in

The masked *Band-its*, Czech assembly

Dordrecht, which would have been more convenient, because that's where she lives. Some time later she found out that the branch in Dordrecht got closed permanently. Through this she learned that God knows best, He's in control. We just need to trust in the path that He shows us. *'I will instruct thee and teach thee in the way which thou shalt go: I will guide thee with mine eye. (Psalms 32:8)'*

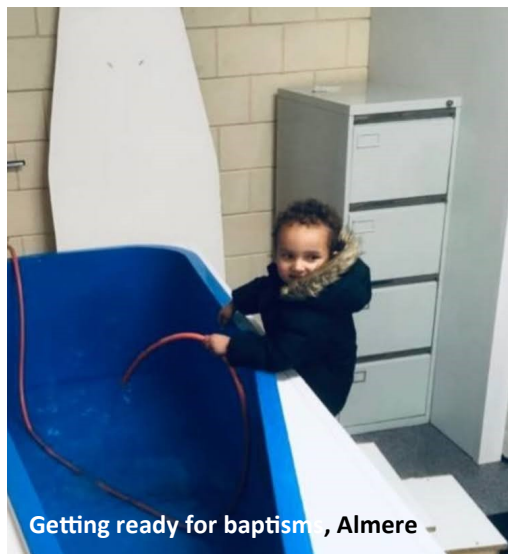

France

Like many other countries in Europe, France went back into lockdown this month so we were on Zoom for all the meetings. Of course this didn't stop the Lord's work and we are carrying on rejoicing. We have a new sister, Nelly, who received the Holy Spirit this month. After seeking for several months since she and her husband were baptised earlier in the year, she spoke in tongues whilst praying on zoom with local and Singapore saints. What a blessing for all present! 3 evenings a week we have a Bible study on the parables of Jesus which has been a great learning time.

Edouard, Bright & Ps Yomi, France

Bright (pictured above in the centre) shared a miracle that God did for him this month: for years he had been suffering from severe back pain and after many different types of

Testimony shared by Lee & Yarni, Liverpool

Hello all! It will take forever to tell everyone personally but we wanted to share some news. We have had a miracle happen and in April 2021 it is expected that we will become parents to "mini-Finney".

Since her late teens, Yarni had 17 years of health difficulties with Polycystic Ovarian Syndrome (PCOS) and Fibroids with all the usual symptoms including infertility. We have been married for 22 years and for 8 of those she endured various fertility treatments by one of the leading hospitals in this field and without success or any hope for the future. Fertility treatment finished in 2012 and we have had no medical intervention since then. This was clearly

never going to happen for us and it took a long time to accept. However, we

learnt to be content and were happy in our lives together doing our best to serve the Lord and our fellowship we've belonged to for over 30 years. In addition to becoming unexpectedly pregnant after all this time, Yarni no longer has the symptoms of her debilitating condition and a recent scan showed no sign of Fibroids. Yarni is now 42 and I will turn 50 one month before the baby is due and with everything else considered this is an unexpected miracle for which we give God the glory and hope He will give us the strength and wisdom to become good parents. So, not quite the same account of bearing children in old age as Abraham & Sarah in the book of Genesis, but not far off! Thank you to all those who prayed for us.

"The Lord is merciful and gracious, slow to anger, and plenteous in mercy" - Psalm 103:8 KJV

scans and examinations a herniated disk was diagnosed. The pain was causing his mood to change, he couldn't sleep and felt depressed. The specialists offered either surgery or injections for the pain. Our brother was tired of still being in pain despite going to appointments and decided to really hand it over to the Lord. For a week he didn't go to the doctor, just prayed and his wife, Pretty, stood on his back to ease the pain. They heard a crack! Amazingly it didn't hurt. Since then he has been able to sleep normally, his mood has gone back to normal, he is delivered from the continuous pain. The Lord works in all kinds of ways!

where he was outreaching: they met and so this man could hear the clear gospel. He has the chance now to change his thinking to the way of the Lord. A sister faced possible gas-operated heating system leakage at night time. She was very anxious as gas can cause poisoning and she is a single mum with a three-year-old. Over the phone some brethren tried to help and comfort her. The next day everything was alright, the gas man came and fixed the unit. The same sister also could get her driving licence which gives her wider opportunities to find a new job. She is very grateful.

Hungary

A sister would like to praise the Lord because their apartment rental fee was lowered to almost half the original price in a time when they very much needed it. A brother can see the Lord's hand in the extraordinary way a Pentecostal person was moved by the Lord to drive 130Km to the same place

A brother is praising the Lord as his father got into hospital with pneumonia but recovered very quickly, also the same brother had some chest pain, got himself tested for Covid, but the test was negative. Praise the Lord. Another brother and his family would like to praise the Lord for getting through Covid. Most family members were quickly through it but it affected him for nearly six weeks. It was a true blessing to see the Lord looking after everyone during this trying time and pulling them through.

Ireland

Greetings from Ireland. Just before our second lockdown here, Joe who has been observing for a number of months, was convicted to get baptised. He had recently

Joe's baptism, Ireland

The Revival Fellowship in:

realised he was spirit filled too; he was very happy afterwards, as we all were. Praise the Lord.

We had been praying specifically for our sister's Mother to be admitted into a specialist nursing home, as they are experts in her sickness in Ireland.

Nikolay , Ukraine

The likelihood of it happening was extremely low in the natural but we know God can make anything possible; she got a bed there and is thriving in their care. Praise the Lord.

Over the last couple of months we have been having "Friday Night Revelation" Talks through zoom; it has been great to revisit this, particularly for new people who previously have not had that teaching. In general, we have really enjoyed joining other zoom events around the world and especially having visiting saints from all over the world to join our zoom meeting, it really gives us a boost! Come visit us! Till next time. God bless.

Medway

November was swallowed up in lockdown #2 , no hall meetings, no visiting each other's houses, so back to Zoom and long winter walks, phone calls and texting and sending cards (not those ones).

We had a baptism at the end of October , just before the new rules, Suman originally from Fiji, she received the Holy Spirit in November.

Although we are limited physically Our new sister was able to meet many saints from around the UK and internationally because of the Zoom connections, she is originally from Fiji and the Fijians in the assemblies in the UK where a great help in supporting. As where others locally and further afield. Got to make the best of Saturdays in our living rooms, a local quiz, observations on Christmas presentation, a prayer and fast with all the other UK assemblies and the Irish, another short meeting for our brother Nikolai. All putting back in what we lost thru the inability to meet normally. Much to enjoy as always.

Poole

Greetings to all our brothers and sisters from the saints in Poole. The month of November started in lockdown but that did not dampen our enthusiasm for fellowship. We started the month with an evening of

questions and answers which was very informative. We also enjoyed a Zoom DVD night with popcorn. There was a joint UK prayer and fast which gave opportunities for us to fellowship with our brothers and sisters from around the UK. We heard interesting and uplifting talks on various aspects of faith. We also joined with the West London Fellowship for our Sunday meeting.

A guy called Simon has been joining our meetings online and is seeking for the Spirit. He is now looking forward to being baptised. There was an evening of charades, items and testimonies which was both uplifting and great fun. This was followed by an evening of prayer with saints in Ukraine for brother Nikolae (*see above photos*) and Sister Yarni's uplifting testimony of how God has been faithful throughout and some really good thoughts from a few young brothers. A truly great evening of fellowship. Until next time - God Bless!

Rotterdam

Welcome to Felicia! Rotterdam

Another month has passed by, where a number of saints were present in the meeting, and other saints joined online, in unity rejoicing in the mercies of their heavenly Father.

We were happy to see a couple of baptisms; people who had heard the gospel on the streets at outreaches and others who heard the good news from friends and family. Amongst them was a lady who had been very sick. The assembly prayed for her and she recovered, praise the Lord. Norman and Rieta became parents of beautiful Felicia. They took the opportunity to witness to the midwife and the maternity nurse, with whom they prayed for the Holy Spirit. So far she hasn't received, but the contact has been established, so therefore is to be continued....

Switzerland

Our month started with a presentation about the prophecy of the four beasts mentioned in the book of Daniel. Each of those animals were looked at in detail and with the explanation of which kingdom it is talking about. Once again, we can see how God's word is just perfect in everything and how the bible and history match perfectly. Nothing is hidden from us; God gave Daniel these visions about the beasts hundreds of years before they happened.

We also had a prayer and fast weekend this month. The topic was „By all means" and it mainly spoke about the importance of preaching the gospel to people. Simply put: If we don't preach the gospel, we will die spiritually. As always it was a really good time to draw close to the Lord and reflect on our walk.

Finally, we heard a talk about „Staying motivated." The Lord is always motivated for us and so we also should be motivated to do his work at all times. Having compassion on people will help us to stay motivated, just like Jesus felt compassion towards mankind. Matthew 9:36-37 But when he saw the multitudes, he was moved

The Revival Fellowship in:

with compassion on them, because they fainted, and were scattered abroad, as sheep having no shepherd. Then saith he unto his disciples, The harvest truly is plenteous, but the labourers are few.

West London

Band, West London

This month, a brother witnessed to a man who came to do some work at his house. The man was very troubled at the state of the world. After being shown the scriptures, he was prayed with and received the Holy Spirit. Another man who had been witnessed to a couple of years ago has started joining our meetings.

A sister testified of being able to apply to her life the teachings she receives. She was told she had the power within herself to claim healings so when she once had to take her son to hospital, she laid hands on him and no issues were found. Her other son was also cleared of autism.

A brother testified of how difficult it was for him to praise God but that since he has received the Holy Spirit, he prays in

tongue always and can see the Lord working in his life.

We also had a combined UK Prayer and Fast with Ireland and France joining us. The theme was Faith and Brotherly love. We were reminded that we can't fake the genuine article, that our prayer should be about the soul, to share what we have received and that our faith must be coupled with love.

Testimonies

Since being a teenager, I used to look at the stars in my parents' garden during the night, wondering if there is "something else". Being astonished by the marvellous, enormous, and incomprehensible sky, I was convinced and pricked at the same time, that there must be a God. But if there is God, why do I feel empty and anxious? A journey began by looking in different places, till one day through all this search, I decided to go to Australia to study for six months. In the process of going there I used to feel that I would find something there, and it felt like deep love. During my first weeks in Australia, a brother from Perth asked me on the streets: "Do you want to be born

again?" This question was the beginning of changing my life and led me to take the decision to get baptized and receive the Holy Spirit with the evidence of speaking in tongues. By being born again, I started to have understanding about life's purpose, and to experience miracles from God.

Now I can understand that the stars, as a million other things and testimonies, are indeed the witnesses of God and that He calls us through different contexts for the same gospel and unity in Spirit. Now I can also look at the sky during the night, and be still astonished by God's work, but with a sense of security that He is in my life and that I can have a relationship with the Creator.

Cecilia, Dordrecht

I was raised in The Revival Fellowship. When I was young, I enjoyed being in the church but I wasn't really paying much attention.

When I turned 16, I was spending my time more on worldly things, and it was pulling me away from the faith. I decided to leave the church because I didn't like the feeling of being double-minded. What followed

was me living out a well-known tale in the bible called the "prodigal son". I was drinking, doing drugs, gambling, going to parties, stealing, etc.

When I was around 18, I started really thinking about what happens when we die, and what the truth of this life is. I liked philosophizing about what the truth was and finding it out with a friend Yusuf, we started on this, what he called, "Self-improvement Journey". We went to the gym, started smoking weed and philosophizing and doing all kinds of drugs to try to figure it out. It was all empty and fleeing and we stopped.

I felt God was calling me back. I often asked complex questions to my mom, which she answered with "pray for it". I did and I started making my way back. Again, I felt double-minded but this time because I wanted to return. After a dream from God, I gained the courage to return. I realized they were telling the truth because they were following the bible, and the bible is the truth. I enjoy being back and walking in faith till Jesus returns. Amen.

Jermaine, Dordrecht
